CORE COMPETENCIES

AI & Intelligent Automation

Document intake, case triage copilots, RAG search, and human-in-the-loop guardrails.

Process & Workflow Automation

Digital forms, approval workflows, SLA tracking, and system-to-system integrations.

DIFFERENTIATORS

- Senior-level involvement on every engagement
- Responsible AI aligned with NIST AI RMF, OMB M-24-10, and EO 14110
- Section 508 / WCAG 2.1 accessible design by default
- Cloud-native, secure delivery for government environments
- Small-business agility with enterprise-grade accountability
- WOSB + VOSB certified — dual set-aside eligible

PAST PERFORMANCE

Enterprise Digital Transformation — Subcontractor via Turnberry Solutions | Global Market Engagement

Full platform rebuild for a global consumer brand, migrating to a headless CMS architecture across international markets. Outcome: improved performance, content flexibility, and long-term maintainability.

Website Development — Small Business Clients — Multiple Commercial Engagements

Responsive WordPress and custom web solutions for small business clients, including CMS implementation, mobile-first design, and digital presence buildout.
